AEROSPACE è la aerobike da strada ultra veloce con freni a disco e tecnologia Internal Routing Cables con cavi totalmente integrati nel telaio. La totale assenza di cavi esterni massimizza l'efficienza aerodinamica ed esalta l'eleganza e la precisione del design. Perfetta per le fughe in solitaria e gli sprint al traguardo, questa straordinaria bici è ancora più veloce in pianura e in salita. Compatibile con tutti i gruppi meccanici e elettronici, è la scelta migliore per gli stradisti che cercano la sicurezza dei freni a disco, perfetti in ogni condizione.

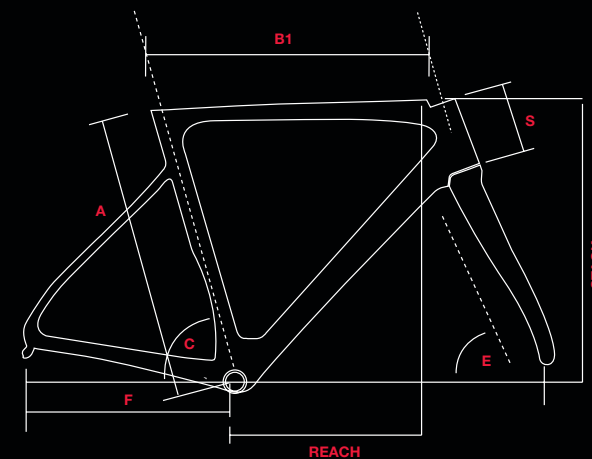

AEROSPACE is the ultra fast road aerobike with disc brakes and Internal Routing Cables technology with totally integrated cables into the frame. The total absence of external cables maximizes the aerodynamic efficiency and enhances the elegance and precision of design. Perfect for breakaways and sprints to the finish, this extraordinary bike is even faster on the flat and uphill. Compatible with all mechanical and electronic groupsets, it is the best choice for road riders looking for the safety of disc brakes, perfect in all conditions.
