Safety Certified

Certified to meet CE EN1078, the P2R helmet offers exceptional impact resistance, shock absorption, and strap durability. Ride confidently with proven protection, ensuring your safety on every adventure.

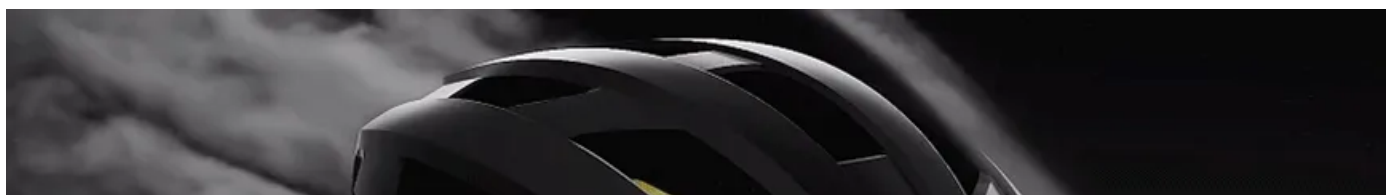

Mips® Technology

P2R helmet features MIPS technology to reduce rotational forces during impacts, providing extra protection on the road so you can ride with confidence.

Ultra-Lightweight

Ultra-lightweight design minimizes neck strain and enhances performance, making it perfect for long rides and commutes. Enjoy ultimate protection without the extra weight.

Ride Longer, Stay Cooler

With 21 vents and an aerodynamic design, our helmet ensures optimal airflow and thermoregulation. Large rear exhaust openings efficiently expel heat, keeping you cool and comfortable for longer rides and intense commutes.

Keep Dry And Clean

COOLMAX® padding ensures you stay dry and comfortable, even on the most demanding rides. Stay clean, stay fresh, ride longer.

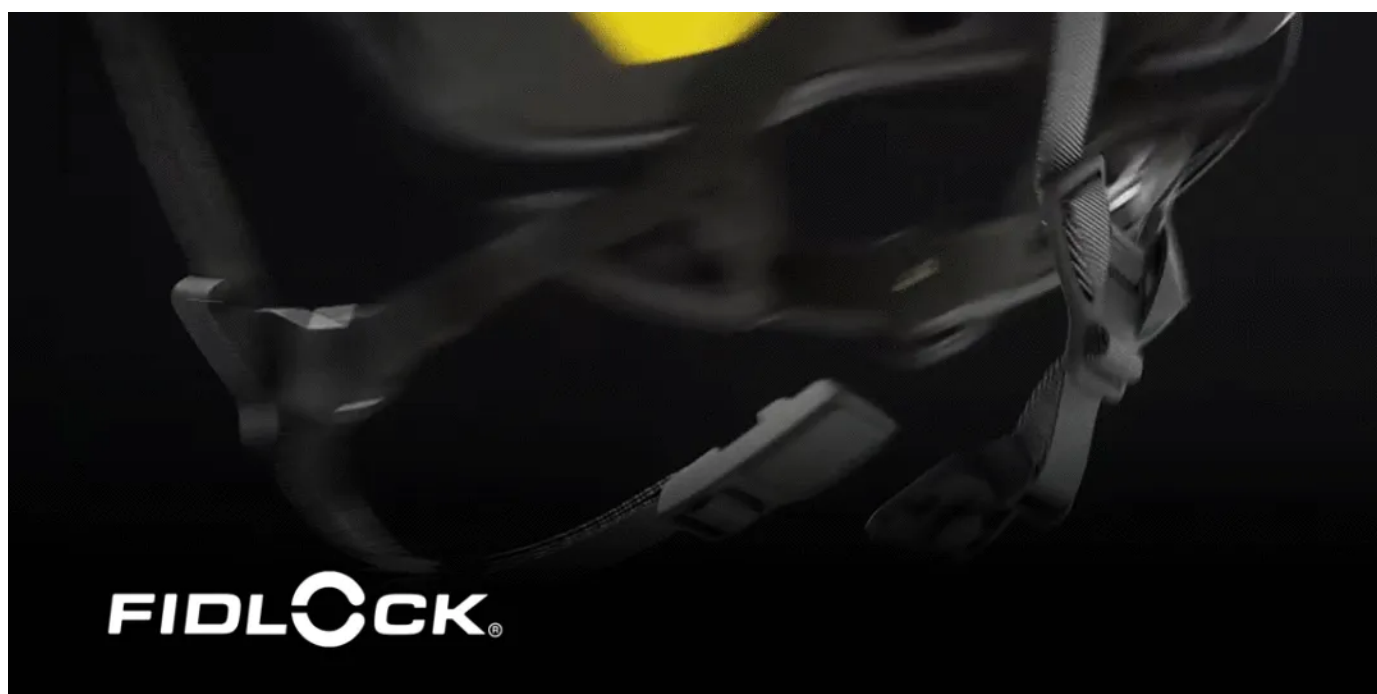

MICROMETRIC **ADJUSTMENT**

Customizable Fit

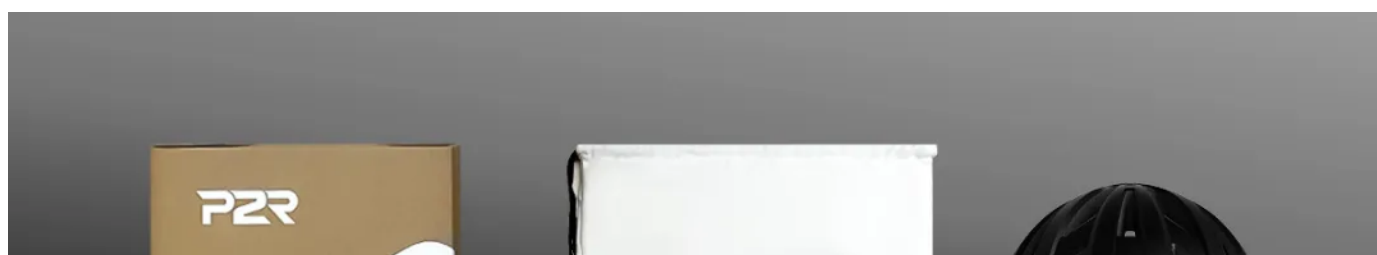

Designed for a perfect fit, our helmet features an adjusting system with precise rear and height adjustments. One-handed operation ensures a secure, comfortable fit on the go.

FIDLOCK®

Fidlock® MagneticBuckle

Our helmet is equipped with the Fidlock® magnetic buckle, allowing one-handed fastening and quick release, even with gloves on. Enjoy a secure, reliable fit with fast, hassle-free adjustments.
